Reconnect 2015

The 5th Alumni meet of IIS Institutional Network was held on 17th July 2015. The Alumni of batch 2001 were invited. On behalf of the IIS family the Director Dr. Ashok Gupta and the Principal Ms. Mala Agnihotri extended a warm welcome to the Alumni for coming down to join the meet. About 18 members attended the meet from varied fields like Engineering, Medical, Technology, Business, Self-Employed, Finance and marketing, who enriched the students with their experience. With a blend of nostalgia and sheer ecstasy the students of class 12 and the senior staff members interacted with the Alumni. The Alumni shared their struggles, their failures and their success.

The students posed many questions and Alumni gave very informative and instructive answers.

It was an enriching and educative session embellished with the feelings of nostalgia and exhilaration.
