

Nostalgic Moments

On the occasion of World Earth Day, students of the International Wing, IIS celebrated Parents' Day on Saturday, 21st April 2018 in the school auditorium where they based the theme on the mythological story of Lord Ganesha.

Parents being the embodiment of the universe, Lord Ganesha joined his hands and encircled them. So true, for it is because of them that we exist.

Students paid a tribute in different languages exhibiting their multilingual skills. Students came out with poetry recitations, rap songs and skits glorifying parents. After the show, the stage was open to parents to volunteer and use it as a platform to express their love and bless the children. Students too graced the stage to express their gratitude and pray for their longevity of life.
