

## HEALTHY MIND , HEALTHY BODY

### IB SCHOLERS at IIS – initiate a new drive

The IB scholars at IIS, on account of World Health Day, initiated a new campaign of 'Healthy Body, Healthy Mind', where they visited the Gurukul Rotary adopted school, Haziawala Kalyanpur Government Primary School in Sanganer to promote and give momentum to P.M. Modi's Swachh Bharat Campaign. The children were given tooth paste and soap to inculcate in them the habit of brushing and bathing daily. They were also given diaries to introspect each day their strengths and dark areas and work towards improving them. It was great sensitizing and learning. The scholars got back wishing they could do more for them.
