

International Human Rights Day

Human rights are those rights which we receive since childhood. We can also say that these are the rights inherent to all human beings, regardless of race, sex, nationality, language, religion etc.

IIRD, Jaipur, Organised a poster making activity for all the B.Ed students on 10 December 2022. Every girl student explained about Human Rights as shown in their poster presentation.

In the end, the posters were collected and displayed on the notice board.
