

National Technology Day (11th May 2022)

National Technology Day is celebrated across India on 11th May to commemorate India's scientific advancement. On 11th May 1998, India successfully tested nuclear bomb in Pokhran. This day appreciates the achievements of engineers and scientists in the field of science & technology.

IIERD, Sitapura also celebrated this day by organizing an event related to the latest technologies used in India and worldwide.

The event took off with Meeghal James (B.Ed. -I) highlighting the importance of National Science Day. This was followed by a power presentation on 'Electronic cars' that run on rechargeable batteries.

Next presentation was by Pooja Jadon (B.Ed. I) who spoke about 'Driverless cars' by Tesla. It was a very interesting and informative video and the students enjoyed it thoroughly.

The third presentation was by Priya & Kanika (B.Ed. I) on 'Cyber Truck by Tesla.'

The event's last presentation was by Ankita Sharma (B.Ed. I) about on App-"Khatabook". She explained its step by step usage and its relevance in day to day life.

The students of IIERD found all the presentations quite interesting and informative.
