

IIIM

A Heritage of Vision A Legacy of Innovation

MCA

International School of Informatics & Management

(Formerly India International Institute of Management)

Technical Campus

Vision:

To be globally responsive and socially conscious, committed to innovation and creativity by developing and disseminating knowledge and practice for learning and resource use optimization. And to emerge as an organization with an optimal blend of value based growth and future preparedness, leading to prosperity of the society and nation at large.

Mission:

We stand committed with a spirit of enterprise, will to succeed, zeal to grow and objective-achievement orientation through value based education for community at large by creating an environment of intellectual stimulus, scientific orientation and social responsibility.

Goals:

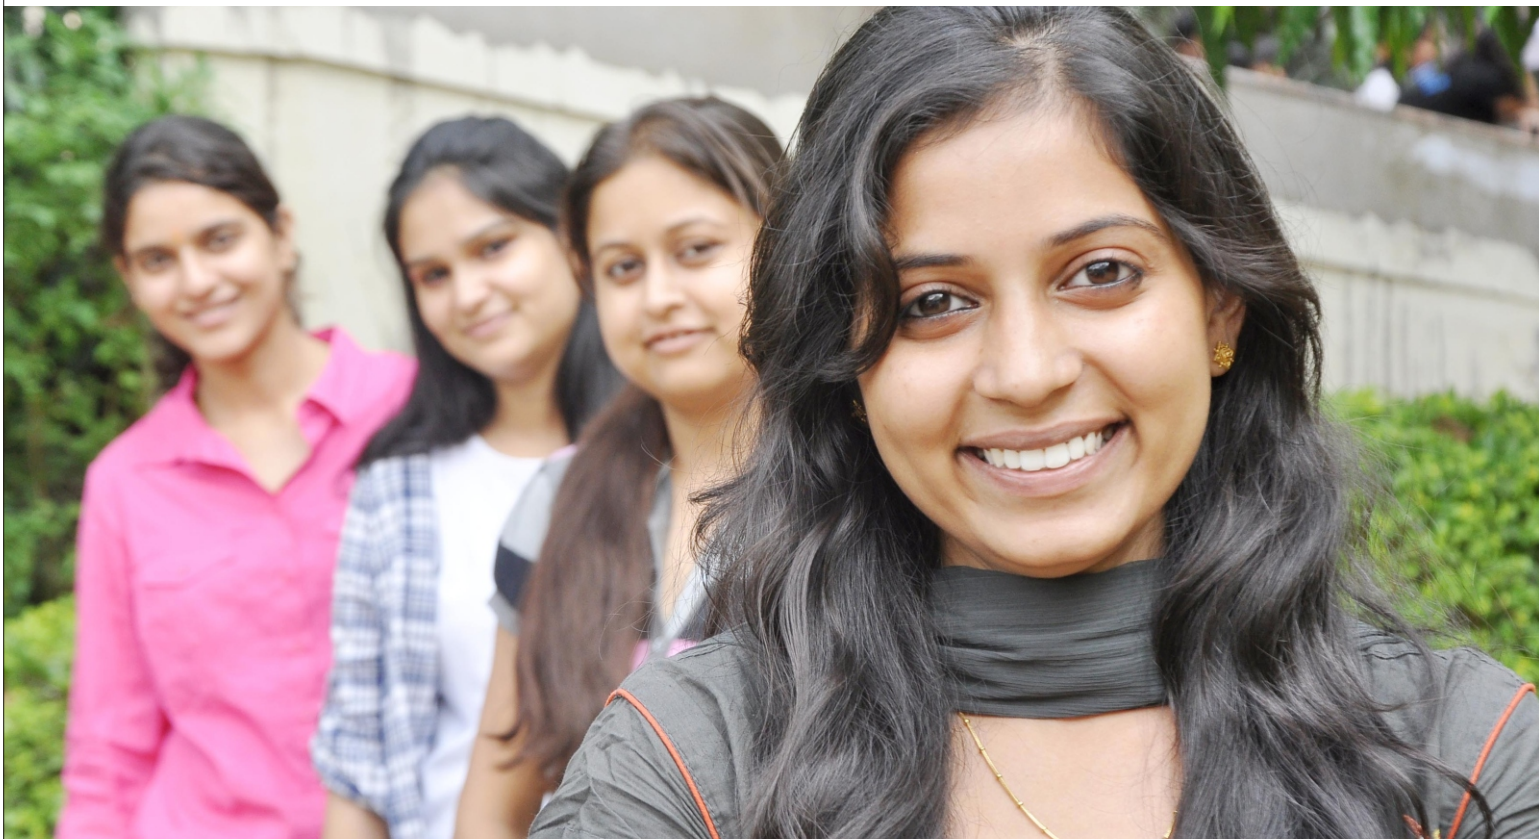

To develop a comprehensive worldview in the students with respect for all forms of life and foster an environment where people work together and are motivated to succeed.

To inculcate the zeal for individual excellence and yet reinforce the importance of team work.

To support a proper harnessing of latent talents and to encourage the students to take initiatives.

To provide an environment, in which the students and the faculty are driven by the spirit of enquiry in their quest for knowledge.

To Enhance logical, creative and analytical skills.

From the Director

We have moved from excellence to perfection with a zeal and strategy that has had a miraculous effect on our students. They have inculcated the spirit of change and smart work from the Aura that we have imbibed at the international School of Informatics & Management Technical Campus.

There have been instances when we have had to groom students with extreme care and plenty of empathy and a rigorous training regimen to meet the current needs of industry which we feel is more inclined to Skill sets/ Soft skills/ Mentoring now, and we have come out with flying colors.

The approach to tending our prodigies is what we excel at apart from teaching them the nuances of Computer applications.

Corporate character is another paradigm that we have been trying to concentrate on in our endeavor to bridge the gap between Industry and academics.

We are different not because we try and mold personalities but because we have an inherent passion for doing what has not been done and try and find answers to questions that bring us into contact with the subtleties of complex human and business requirements. We believe in Extreme sensitivity and an apt approach to **Reach-Decode-Apply**, which is the modern day corporate mantra.

With every passing year and with businesses becoming all the more complex we are committed to develop Skills, Creativity, Professionalism and Enthusiasm in our young technocrats.

We invite you to visit our campus and support our fledglings into their first flight to glory so that they too can make a place for themselves in the annals of achievers.

Warmest regards,

A handwritten signature in black ink, appearing to read 'Ashok Gupta'. The signature is fluid and cursive.

Dr. Ashok Gupta
Director

Placement Process

IIIM adheres to an employer-centered procedure for campus placement. It respects needs and expectations of the industry during the campus placement. Consistent efforts are made round the year to groom students accordingly.

Campus recruitment offers the organizations a wide choice of candidates and provides a platform for industry-institute interaction. Companies are normally expected to proceed as per the following procedure:

Please fill in the Placement Form, ensuring that it is complete in all respects and return it to The Placement Coordinator, International School of Informatics & Management.

We would like you to come over to our campus for pre-placement talks. This provides an opportunity for both organizations to know each other.

As mentioned in the Response Form, kindly mention about your requirements for audio-visual equipments to be used in your presentation. We would also like you to leave a copy of the presentation with our placement office for our future reference.

If you desire, we can send you the resumes of interested students for short-listing. The names of short listed students should reach the placement office prior to your scheduled visit to the campus for recruitment.

Once we have received the Placement Response Form from the company, we will arrange for pre placement talks and final selection and inform you about the same. Please send us the Response Form as early as possible.

The Director
International School of Informatics & Management Technical Campus

About MCA

The three-year full time programme approved by AICTE, New Delhi leads to MCA degree awarded by the Rajasthan Technical University, Kota. The curriculum is as per the University specifications and is updated from time to time to incorporate the latest developments and changes taking place in the IT industry. The contents are adapted to enable the learners to handle the demands of the industry effectively and successfully. The programme endeavours to impart quality education to the students and imbibe in them an ability to understand and assimilate all new ideas and innovations taking place in the rapidly evolving technology sector.

The MCA programme is designed to:

- enhance logical, creative and analytical skills.
- inculcate the zeal for individual excellence yet reinforce the importance of teamwork.
- foster the spirit of inquiry to keep the students updated of the changing technology.
- strengthen the spirit of application of knowledge towards national growth.
- develop the ability to utilize the full potential of human resources.

The programme provides the students a deep insight into programming techniques like Structured and Object Oriented methods along with data warehousing, Web Applications Design & Development, DBMS and RDBMS concepts. The students are imparted latest and comprehensive knowledge of Networking, Data Communications and Information Security & Protection which are the backbone of the IT industry. Options for specialization in Artificial Intelligence & Soft computing, e-business, Geo & Bio Informatics and Embedded Systems are provided.

Programme Structure

The programme is carefully structured to equip the budding software professionals with state-of-the-art skill set so that they can go out into the corporate world and achieve success in their endeavours.

Year 1

The first two semesters of the programme aim at familiarizing the students with the foundational aspects of the core courses along with specialized knowledge pertaining to various functional areas to develop an appreciable understanding of the discipline and inculcate appropriate programming skills.

Year 2

The next two semesters are devoted to study of Advanced Database concepts, Web Technologies, Software Development Techniques, Open Source Software and Platform independent development environment.

Year 3

The concluding year gives an insight into the current trends including Wireless Technologies, Artificial intelligence, Object Oriented Software Engineering and specialization in ERP, Embedded Systems, Geo Informatics, Bio Informatics and Information Security. It also provides the participants an opportunity to gain real life professional experience through on-the-job training. The training comprises intensive learning experience through a six month association with reputed corporate houses to hone the skills of budding IT Professionals.

The Curriculum

Semester I

- 101 Computer Architecture.
- 102 Accounting and Financial Management.
- 103 Data Base Management System.
- 104 Programming in C.
- 105 Discrete Mathematics.

Practical

- 151 Programming in C.
- 152 DBMS Lab.
- 153 Office Management
- 154 Microprocessor Lab.

Semester II

- 201 C++ and Algorithm & Data Structures
- 202 Computer Oriented Numerical and Statistical Methods.
- 203 Programming in Java.
- 204 Operating System
- 205 Data Communications and Computer Networks.

Practical

- 251 C++ Lab.
- 252 CONUM Lab.
- 253 Java Lab.
- 254 Communication & Soft Skills.

Semester III

- 301 Java Technologies.
- 302 Web Technologies & Development.
- 303 Computer Graphics.
- 304 Advanced Database System.
- 305 System Analysis & Design.

Practical

- 351 Advanced Java Lab.
- 352 Web Design Lab.
- 353 Computer Graphics Lab.
- 354 Advanced DBMS Lab.

Semester IV

- 401 Software Engineering.
- 402 .Net Framework & Programming in ASP.Net.
- 403 Open Source Operating System.
- 404 Artificial Intelligence.
- Elective - I*
- * 405 - E-commerce.
- * 406 - Compiler Design.
- * 407 - Data Mining & Data Warehousing.

Practical

- 451 System Design Project.
- 452 .Net Lab.
- 453 Open Source OS Lab.
- 454 Colloquium (Group Discussion).

Semester V

- 501 Object Oriented Software Engineering.
- 502 Analysis & Design of Algorithms.
- 503 Wireless Technologies.
- Elective - II*
- * 504 - Bio-Informatics.
- * 505 - Geo-Informatics.
- * 506 - Information Protection & Security.
- Elective - III*
- * 507 - Embedded Systems.
- * 508 - ERP Systems.
- * 509 - Soft Computing.

Practical

- 551 Software Project.
- 552 ADA Lab.
- 553 Wireless Technologies Lab.
- 554 Seminar.

Semester VI

- 601 Industrial Project.
- Every student is required to spend six months in an organization of repute to work on a real time project.

Our Software Development Experience

Insurance Management System

The insurance company provides Group Policies to employees of various small and medium sized companies that registered with it. A group policy is one, which an employer provides to its employees. An agent is responsible for getting the client companies establishing a relation with the insurance company.

According to his/her need, the policy holder can choose from various products available. The insurance company needs to keep track of details of its target companies, agents, policyholders, their premium payments and the various products that are available with it. Hence it is under tremendous pressure maintaining their day-to-day activities, which is currently being done manually.

Entire records have to be updated timely; even a slight mistake could complicate things. It is very difficult to handle bulk data since human memory is weaker than electronic counterpart. It is time consuming to summarize these details to produce the reports.

Hence there is need for an automated system, which can efficiently manage the company's records, provides instant access and one that improves the productivity. As a result of this automated system, the activities of the company are performed within the stipulated time and the reliable and efficient service is ensured to its users.

Online Books Sale

The business-to-consumer aspect of electronic commerce (e-commerce) is the most visible business use of the World Wide Web. The primary goal of an e-commerce site is to sell goods and services online.

This project deals with developing an e-commerce website for Online Books Sale. It provides the user with a catalog of different books available for purchase in the store. In order to facilitate online purchase a shopping cart is provided to the user. The objective of this project is to develop a general purpose e-commerce store where products like books, e-books can be bought from the comfort of home through the Internet.

E-Healthcare Advisor

E-Healthcare Advisor is a web application intended to provide a fast, efficient, quality service to the patients. The system is a distributed application so everyone can access it through internet. It may be quite helpful to people living in rural areas where very few doctors are available. It is helpful to urban populace similarly.

Employee Activity Monitoring System

Many employees in the organization waste the working hours in unproductive activities like opening of personal emails, online chatting and watching movies on internet. The unproductive activities of employees during working hours severely upset the daily performance of the company. Therefore, every company needs an efficient monitoring tool that can keep the information about all employee activities on their desktops.

Employee activity monitoring software is designed to keep record of all unofficial activities of the each employee of the organization. This utility monitors and records the desktop activities of all users in the network. With this software, company can effectively monitor and check the unauthorized activities of its employees.

Campus Placement Portal

This project is aimed at developing an online application for the Training and Placement Dept. of the college. The system is an online application that can be accessed throughout the organization and outside as well with proper login provided. This system can be used as an application for the TPO of the college to manage the student information with regards to placement. Students logging should be able to upload their information in the form of a CV. Visitors/Company representatives logging in may also access/search any information put up by Students.

The proposed system is to make an online web portal for Information Technology Department, so that everyone can get information about department, students can easily communicate with teachers from anywhere. Teachers can easily communicate with the students, and can keep records of every student easily and efficiently. The proposed system could be accessed from any corner of the world through the net.

Our Software Development Experience

HR Operation Manager

The HR Operations Manager will contribute to the development of new, and the improvement of existing, HR policies, systems and practices. All this can assist the Director in developing, reviewing and updating the HR Strategy. Applicant submits his/her Resume to an identified e-mail id with an opportunity id. On receiving the email, extract the mail contents & store it. Based on the opportunity id send it to respective HR. Applicant submits his/her Resume to an identified e-mail id with an opportunity id.

HR will verify the resume; if shortlisted, forward it to respective Managers. On rejection, an email will be sent to the Applicant with reason. Manager will schedule the interview & assign a team member to perform interview. Interviewer conducts the interview & updates the interview results. Applicant will respond with Acceptance/Rejection subject line. On Rejection process will be ended. On Acceptance new employee ID/mail-id will be generated & process will be ended.

Blood Donor Database System

The purpose of this study is to develop a blood management information system to assist in the management of blood donor records and ease/or control the distribution of blood in various parts of the country based on the hospital demands. Without quick and timely access to donor records, creating market strategies for blood donation, lobbying and sensitization of blood donors becomes very difficult.

The blood management information system offers functionalities to quickly access donor records collected from various parts of the country. It enables monitoring of the results and performance of the blood donation activity such that relevant and measurable objectives of the organization can be checked.

It provides to management timely, confidential and secure medical reports that facilitates planning and decision making and hence improves medical service delivery. The reports generated by the system gives answer to most of the challenges management faces as far as blood donor records are concerned.

Library Management System

The Library Management System is an on-line library management system. This System will provide a search functionality to facilitate the search of resources. This search will be based on various categories viz. book name or the ISBN. Also advanced search feature is provided in order to search various categories simultaneously. Further the library staff personnel can add/update/remove the resources and the resource users from the system.

Mobile Banking System

The main aim of my project is to computerize the Bank Process, which is used to reduce the customer transaction time as well as user can be access from anywhere. It provides a system for the user to access his bank account through his mobile. The system also enables the user to pay his bill through the mobile as well as pay for some other services, which he has availed. The mobile banking system is not just for payment but a user of the system can also transfer money through the system. He can receive from his bank or from his business associates or friend or other person who is also connected to the system.

Bus Ticket Reservation System

Bus ticket reservation system enables the bus company's customer to buy bus ticket online. E-ticket is the easier and quickest way to book bus tickets. Customer is unable to buy bus tickets online at this moment and has to go to the counter to buy bus ticket. Sometimes, customer needs to queue up a long queue to buy bus ticket and ask for information. Besides that, customer is also not allowed to buying bus ticket through telephone and Transnational's telephone line is always busy. This brings a lot of inconvenience to the customers Bus Ticket Reservation System enables the customer to buy bus tickets, make payment and ask for information online easily.

Furthermore, staff can sell bus ticket using Bus Ticket Reservation System after checking bus ticket availability for the customer and print the bus ticket to the customer that queue up in the counter.

Telephone Directory System

A telephone directory (also called a telephone book and phone book) is a listing of telephone subscribers in a geographical area or subscribers to services provided by the organization that publishes the directory. It consists of the name as well as the telephone number of people added as contact in the directory. Name and telephone number are displayed in alphabetical order.

The main objective of this project is to design a system which is intended in saving name and number of desired persons and user can also add, search, edit and delete various contacts.

Computing Facilities

IIIM has been recognized as a Center of Excellence under the IBM Academic Initiative. This enables training and certification on open standards & IBM Software. The Computer Labs are accessible round the clock and are equipped with state-of-the art hardware and software. The IBM Powered computing facilities have 4 Mbps Lease Line and the network is configured with UTP CAT 5e structured cabling with switches that provide bandwidth of 100 Mbps to each workstation. The institute also has a Hardware Lab equipped with the latest components. The Microsoft Academic Alliance facilitates continuous updation of Microsoft Software on new releases. The institute has an AIX Academy Lab with IBM p5 505 on POWER 5 processor, AIX OS, IBM DB2 UDB Workgroup Server Edition, SUSE Linux, and the Hummingbird PC Exceed Server.

Resources

- Microsoft Academic Alliance Program (DreamSpark)
- Development Tools
- Turbo C++, JDK 1.6.1, Oracle 9i
- Microsoft Office 2003
- Tomcat, Wamp Server, Wireless Tool Kit (WTK)
- Scilab, OMNeT++

Operating Systems

- Windows 95/98/XP/2000 Professional/2003 Server Edition/7
- RedHat Enterprise Linux, Unix, IBM AIX, SUSE Linux

Security Tools

- Microsoft Security Essentials

Hardware

- 4 Dell Laptops and 1 Apple Machine
- 219 Intel C2D Series with 2 GB RAM, 160 GB HDD
- 28 IBM Pentium IVs Series with 256 MB RAM, 80 GB HDD
- 1 IBM XEON 226 Series Server

- 1 IBM AIX P5 Series Server
- 1 Cisco 2100 Series Wireless LAN Controller
- 10 Cisco Access Points
- Microsoft IIS Server
- 3 LCD Projectors
- 1 HP Color LaserJet CP2025, 1 HP Color LaserJet 2500, 12 HP LaserJet 1020, 1 UMAX Scanners, 1 Canon Scanner
- 5 Laser Printers connected via LAN, Centralized Printing Facility in whole campus
- Microprocessor Laboratory

Internet Connection

- All the labs, offices and faculty rooms are connected to the internet through the campus intranet.
- Internet connectivity is provided using 15 switches through the campus intranet. 24/16 port switch is used in LAN, providing internet to all systems in the laboratory, classrooms, board room and seminar hall.
- Wi-Fi connectivity through 10 access points at each floor, offices and the staff rooms.

The campus owns a pack of software so as to allow students to gain practical experience. The following is a list of some of these tools:

Operating Systems

- IBM AIX
- UNIX
- RedHat Enterprise Linux (RHEL 5.0)
- Windows 2003 Server Edition
- Windows XP

Programming Platforms

- Turbo C++
- Visual Studio Enterprise 6.0
- Language Compiler
- JDK 1.6.0
- PHP
- Tomcat

Database Management Systems

- Oracle 9i
- MySQL
- MS-SQL 2005 Server

- IBM DB2
- Developer 2000

Mathematical and Statistical Packages

- SCILAB
- SPSS
- EPI-INFO
- Mathematica

Graphical Packages

- Auto CAD 13.0
- Author ware Pro
- Flash
- Firework
- Dreamweaver
- 3D Studio

Application Packages

- MS Office 2000/XP/2003

- Adobe Acrobat 9 Pro
- Corel Draw 12
- Adobe PageMaker 7.0
- Power Builder 5.0, 6.0
- Adobe Photoshop 7.0
- Micro media Web Development Suite

Other Packages

- Micrografx Flowcharter
- Mastering MFC development
- Windows Exchange Server
- Humming Bird PC Exceed Server
- IBM Tivoli
- IBM LOTUS
- IBM RAD

Services provided by college to all staff members and students:

- Website, E-mail services, online applications, Data sharing over the LAN
- 24 hours Internet Access
- Antivirus and spam protection

Student Details

Student details are organized in the following sequence:

NAME

- Date of Birth
- Qualification
- Additional Qualifications
- Projects undertaken
- Work Experience
- E-Mail
- Contact No.

ABHINAV KUMAR SHARMA

- April 24, 1993
- BCA
- IBM Certified Associate System Administrator - Lotus Notes and Domino 8
- IBM Rational Application Developer
- Developed a Website on Friends world, Static website on Online Games, Developed a software on Restaurants Billing System
- sharmaabhinav986@gmail.com
- 8955691383

ABHINAV MATHUR

- June 20, 1990
- BCA
- IBM Rational Application Developer
- Designed a static website on Real State Property Dealing System
- abhinav_mathur2007@yahoo.co.in
- 0145-2622489
- 9461388179

AKRITI KHUNTETA

- April 26, 1990
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer, Business English Certificate From University Of Cambridge
- Developed a software on College Placement, software on Hotel Management system, Designed a static Website on "Incredible India", Developed a software on Online Mobile Store Participated in "The Great Mind Challenge" software development Competition and developed software named as "Insurance Management System"
- akriti.khunteta@gmail.com
- 0141-2351687
- 8696494919

ALEKH FAUJDAR

- Dec 25, 1993
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer, Ibm Certified Db2 Associate
- Developed a software on Banking System, Designed a website on online Book sales, Participated in "The Great Mind Challenge" software development Competition and developed software named as "blood donor database", Designed a static website on Online Book Store
- singh.kanak24@gmail.com
- 8290749441

ANKIT KUMAR MAHESHWARI

- Jun 25, 1990
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer
- Developed a software on Restaurant Billing System, Designed a Static Website on Online Examination System, Developed a software on Zoo Management System, Participated in "The Great Mind Challenge" software development Competition and developed software named as "Online Marketing Portal, Jaipur Pathology"
- ankitmaheshwari74@gmail.com
- 5644-220300
- 8946943770

ANKIT VAISHNAV

- Feb 24, 1990
- B.Sc. I.T
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer
- Developed a software on Hospital Management System, software on Hotel Management System, Designed a website on E-Banking System, Participated in "The Great Mind Challenge" software development Competition and developed software named as "Universal Identification For Student Using RFID"
- ankit24vaishnav@gmail.com
- 9460901314

Student Details

Student details are organized in the following sequence:

NAME

- Date of Birth
- Qualification
- Additional Qualifications

ANKITA AGRAWAL

- Aug 14, 1990
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer, Ibm Certified Db2 Associate
- Developed a software on Student Record Management, Designed a website named as "Best Friends" on selling Pet Animals Online, Designed a static website named as "ABCD" on Teaching Dancing Skills
- ankiagrawal19@gmail.com
- 0141-2549412
- 8561860099

ARPITA KHANDLWAL

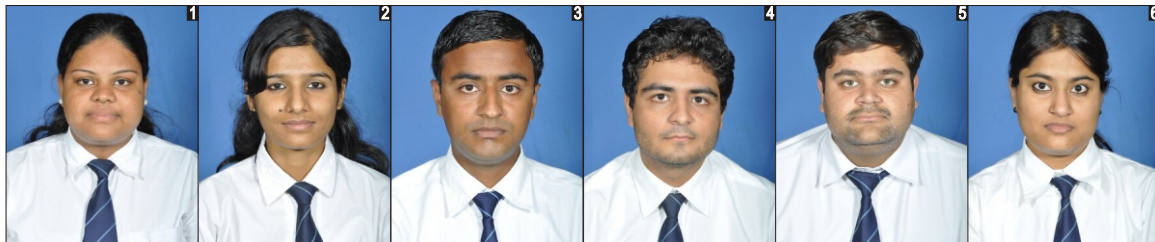

- Dec 16, 1990
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Certified Db2 Associate
- Developed a software on Movie Ticket Booking , Participated in "The Great Mind Challenge" software development Competition and developed software named as "E-Health Care Advisor", Designed a static website on Online Jewellery Shopping
- arpitakhandlwal16@gmail.com
- 0141-2594861
- 9529975150

BHUWANESHVER KUMAWAT

- Jul 27, 1990
- BCA
- Designed a website on Online Shopping of IT Gadgets.
- bhuwan277@gmail.com
- 9166261601

CHIRAG MARWAHA

- Jul 15, 1990
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer
- Developed a software on User Activity Monitoring System, software on Zoo Management System, Designed a website on Online Examination System, Designed a website on College Annual Fest, Designed a static website on Online Recruitment System, Designed a website on Fishkeeping, Developed a software on Restaurant Billing System
- chiragmarwaha@gmail.com
- 0141-2720302
- 7597648693

DHRUV VYAS

- Aug 10, 1990
- BCA
- Cisco Certified Network Associate in Routers & Switches
- Developed a software on LAN Messenger, Designed a website named as "www.fifutavel.com"
- vyasdhruv3@gmail.com
- 0151-2201239
- 9001024859

DIVYA AGRAWAL

- Dec 26, 1988
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer, Ibm Certified Db2 Associate
- Developed a software on Telephone Directory, Designed a website on Online Examination System, Designed a Dynamic website named as "j4umca.com"
- dadivya.4.u@gmail.com
- 8233350039

Student Details

Student details are organized in the following sequence:

NAME

GAMBHEER SINGH

- Feb 26, 1991
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer
- Developed a software on Student Record Management system, Developed a software on Online Examination, Designed a static website on Online Videos, Developed a software on Car Sales System, Mosaic-2013 Website, Designed a website on College Placement Portal, Participated in "The Great Mind Challenge" software development Competition and developed software named as "Online Marketing, TMC-Transportation Portal"
- gambheerpratapsingh@gmail.com
- 8432211224

GAURAV KUMAR BHATRA

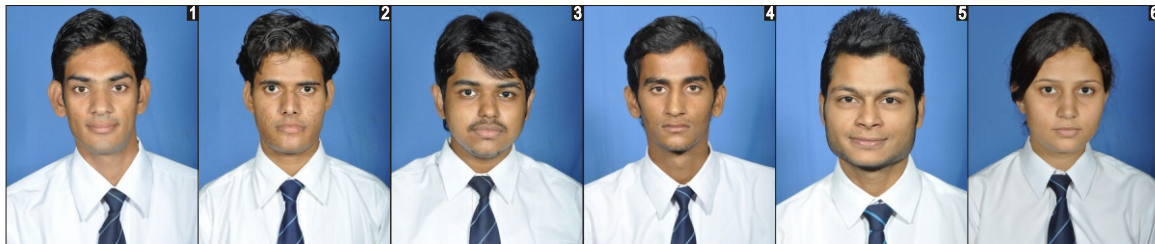

- Jul 01, 1991
- BCA
- IBM Rational Application Developer
- Developed a software on Notepad, Developed a software on Inventory Management, Developed a software on Books Sale, Designed a website on Campus placement system
- gauravkumarbhatra@gmail.com
- 9785372329

GAURISH SHARMA

- Mar 06, 1989
- BCA
- Worked as a Lead Web Developer in HyperTech Servers Corporation, Jaipur, Rajasthan for one year
- gaurish@gaurishsharma.com
- 0141-2762304
- 9783700799

HARIMOHAN SHARMA

- Oct 06, 1989
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8
- Designed a website on Online Book Sales, Designed a website named as "Find Blood Donner", Developed a software on offline medical store inventory
- krishan_syan@yahoo.in
- 9782859280

HIMANSHU

- Aug 02, 1989
- BCA
- IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer
- Developed a software on Bus Reservation System, Participated in "The Great Mind Challenge" software development Competition and developed software named as "HR- Operations Manager"
- himanshubhandari5@yahoo.co.in
- 2988-224773
- 9460837265

JANAKSUTA GOUR

- Dec 17, 1989
- BCA
- Microsoft Certified Office Specialist, Certified Graphic Designer, Certification in Journalism, IBM Certified Associate System Administrator- Lotus Notes And Domino 8, Ibm Rational Application Developer, Ibm Certified Db2 Associate
- Participated in "The Great Mind Challenge" software development Competition and developed software named as "E-Healthcare Adviser" and "E-Gas Seva", Designed a website on Online Jewellery Shopping, Developed a software on Movie Ticket Booking, Designed a website on Medicos
- jnsgour@gmail.com
- 7790841712
