

# International School of Informatics & Management

(Formerly India International Institute of Management)

# MCA

Placement 2011-2012

### *Vision:*

To be globally responsive and socially conscious, committed to innovation and creativity by developing and disseminating knowledge and practice for learning and resource use optimization. And to emerge as an organization with an optimal blend of value based growth and future preparedness, leading to prosperity of the society and nation at large.

### *Mission:*

"We stand committed with a spirit of enterprise, will to succeed, zeal to grow and objective-achievement orientation through value based education for community at large by creating an environment of intellectual stimulus, scientific orientation and social responsibility".

### *Goals:*

To develop a comprehensive worldview in the students with respect for all forms of life and foster an environment where people work together and are motivated to succeed.

To inculcate the zeal for individual excellence and yet reinforce the importance of team work.

To support a proper harnessing of latent talents and to encourage the students to take initiatives.

To provide an environment, in which the students and the faculty are driven by the spirit of enquiry in their quest for knowledge.

To Enhance logical, creative and analytical skills.

# From the Director

Dear Recruiters,

The bond between the corporate world and the IIM family has grown and strengthened over the years. Since our inception more than a decade ago, we have been fortunate recipients of encouragement and support from leading corporate houses in the country. Be it placements, on-the-job trainings, seminars or fests, we have always found patronage of many organizations to make our endeavour a notable success.

IIM is synonymous with the people it represents. We are where we are today because our student fraternity and our faculty have toiled untiringly to carve a niche for the school. The outstanding performance of our alumni in their respective organizations, commitment of our faculty and the quality of our student body has put me in a privileged place where I do not need to eulogize our institution and its achievements.

Over the years, we have adhered to the simple principle of wholesome learning with respect for our values, culture, communities and legacy. Our students are well-versed in the finer nuances of teamwork, shared responsibility, accepting accountability and respecting diversity. Apart from the values that make them good people to work with, our students also have a wide spectrum of skill-set and technical knowledge in their repertoire which is honed to perfection over the years through many structured and unstructured pedagogical devices.

Placement of our alumni in organizations of repute and their growth thereafter are a testimony to the talent and class of our graduates. I am happy to present the current batch of our young technocrats. I have utmost faith in their ability to add value to their future place of work. I invite you all to visit our campus and interact with our student community. I am confident that your organization will benefit immensely from your choice of our graduates.

Warmest regards,

A handwritten signature in black ink, appearing to read 'Ashok Gupta', written in a cursive style.

**Dr. Ashok Gupta**  
Director

## About MCA

The three-year full time programme approved by AICTE, New Delhi leads to MCA degree awarded by the Rajasthan Technical University, Kota. The curriculum is as per the University specifications and is updated from time to time to incorporate the latest developments and changes taking place in the IT industry. The contents are adapted to enable the learners to handle the demands of the industry effectively and successfully. The programme endeavours to impart quality education to the students and imbibe in them an ability to understand and assimilate all new ideas and innovations taking place in the rapidly evolving technology sector.

The MCA programme is designed to:

- enhance logical, creative and analytical skills.
- inculcate the zeal for individual excellence yet reinforce the importance of teamwork.
- foster the spirit of inquiry to keep the students updated of the changing technology.
- strengthen the spirit of application of knowledge towards national growth.
- develop the ability to utilize the full potential of human resources.

The programme provides the students a deep insight into programming techniques like Structured and Object Oriented methods along with data warehousing, manipulation using Web Applications, DBMS and RDBMS concepts. The students are imparted latest and comprehensive knowledge of Networking, Data Communications and Information Security & Protection which are the backbone of the IT industry. Options for specialization in Artificial Intelligence & Soft computing, e-business, Geo & Bio informatics and embedded systems are provided.

# PROGRAMME STRUCTURE

The programme is carefully structured to equip the budding software professionals with state-of-the-art skill set so that they can go out into the corporate world and achieve success in their endeavours.

## Year 1

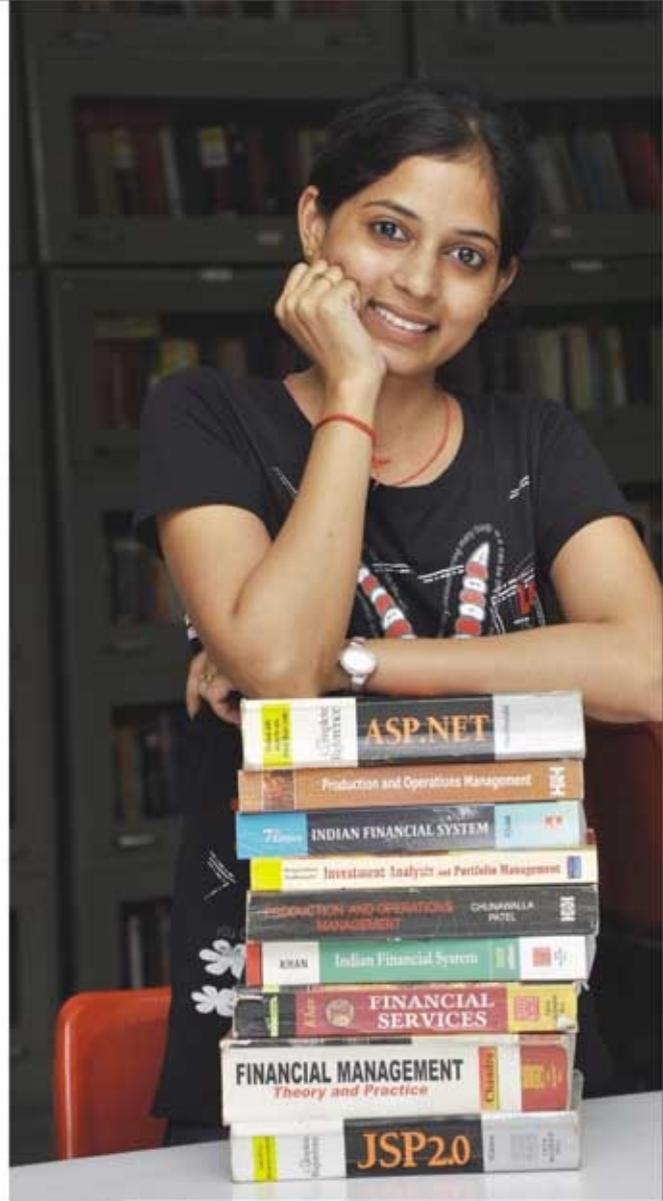

The first two semesters of the programme aim at familiarizing the students with the foundational aspects of the core courses along with specialized knowledge pertaining to various functional areas to develop an appreciable understanding of the discipline and inculcate appropriate programming skills.

## Year 2

The next two semesters are devoted to study of Advanced Database concepts, Web Technologies, Software Development Techniques, Open Source Software and Platform independent development environment.

## Year 3

The concluding year gives an insight into the current trends including Wireless Technologies, Artificial intelligence, Object Oriented Software Engineering and specialization in ERP, Embedded Systems, Geo Informatics, Bio Informatics and Information Security. It also provides the participants an opportunity to gain real life professional experience through on-the-job training. The training comprises intensive learning experience through a six month long association with reputed corporate houses to hone the skills of budding IT Professionals.

# THE CURRICULUM

## Semester I

101	Computer Architecture.
102	Accounting and Financial Management.
103	Data Base Management System.
104	Programming in C.
105	Discrete Mathematics.
Practical	
151	Prgramming in C.
152	DBMS Lab.
153	Office Management
154	Microprocessor lab.

## Semester II

201	C++ and Algorithm & Data Structures
202	Computer Oriented Numerical and Statistical Methods.
203	Programming in Java.
204	Operating System
205	Data Communications and Computer Networks.
Practical	
251	C++ Lab.
252	CONUM Lab.
253	Java Lab.
254	Communication & Soft Skills.

## Semester III

301	Java Technologies.
302	Web Technologies & Development.
303	Computer Graphics.
304	Advanced Database System.
305	System Analysis & Design.
Practical	
351	Advanced Java Lab.
352	Web Design Lab.
353	Computer Graphics Lab.
354	Advanced DBMS Lab.

## Semester IV

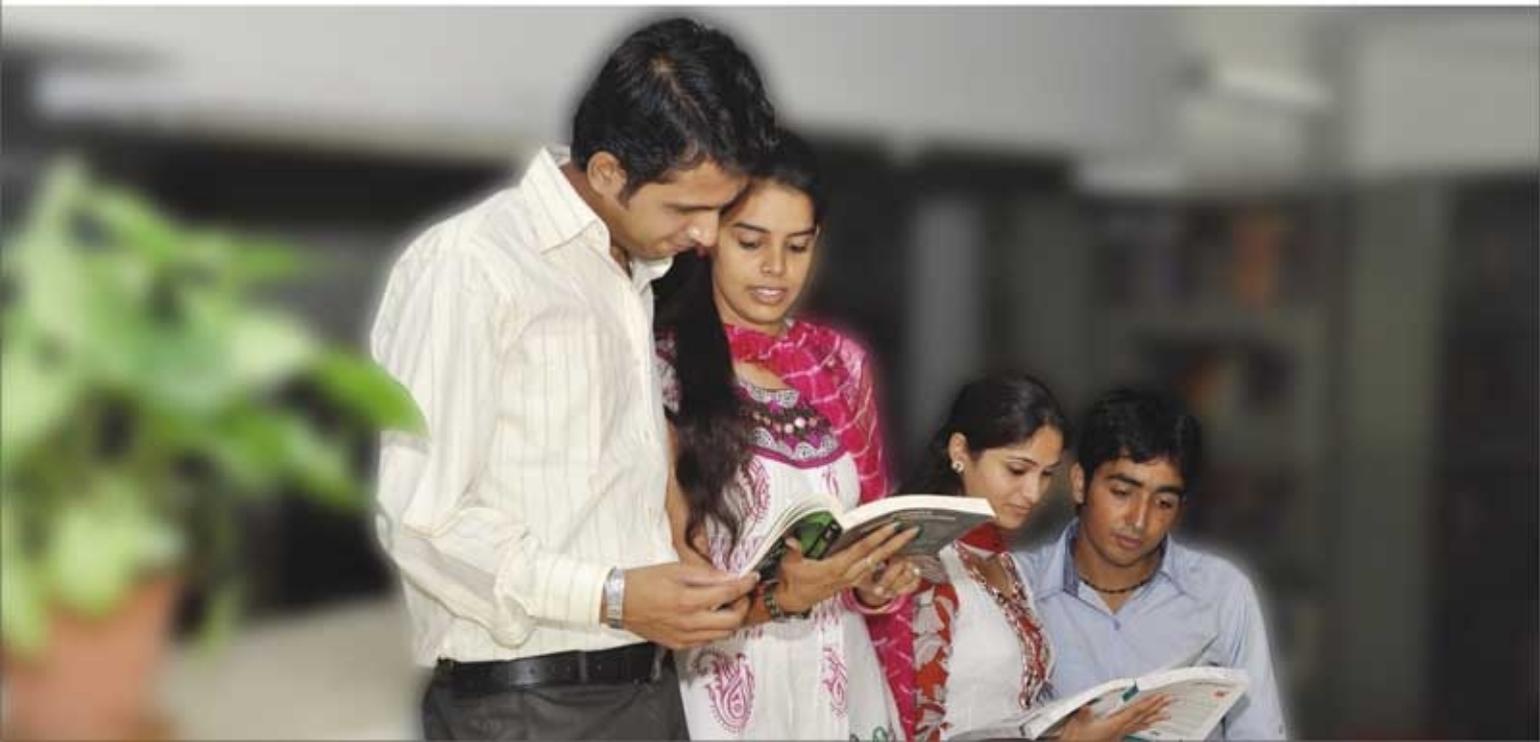

401	Software Engineering.
402	.Net Framework & Programming in ASP.Net.
403	Open Source Operating System.
404	Artificial Intelligence.
	Elective - I*
	* 405 - E-commerce.
	* 406 - Compiler Design.
	* 407 - Data Mining & Data Warehousing.
Practical	
451	System Design Project.
452	.Net Lab.
453	Open Source OS Lab.
454	Colloquium (Group Discussion).

## Semester V

501	Object Oriented Software Engineering.
502	Analysis & Design of Algorithms.
503	Wireless Technologies.
	Elective - II*
	* 504 - Bio-Informatics.
	* 505 - Geo-Informatics.
	* 506 - Information Protection & Security.
	Elective - III*
	* 507 - Embedded Systems.
	* 508 - ERP Systems.
	* 509 - Soft Computing.
Practical	
551	Software Project.
552	ADA Lab.
553	Wireless Technologies Lab.
554	Seminar.

## Semester VI

601	Industrial Project.
	Every student is required to spend six months in an organization of repute to develop a real time project.

# OUR SOFTWARE DEVELOPMENT EXPERIENCE

Software developed by our students have found acceptance and applicability in reputed corporate houses. Following are some of the key applications and utility packages developed by our students:

## Airline Reservation System

The Airline Reservation System is used to overcome the problems that occur in general manual system, where we can maintain the overall system online without facing any problems of standing in queue and waiting for so long. This system provides basic information about fare, available seats, and different classes of reservation for e.g. booking classes, economy classes etc. The system enables the customer to do things such as search for airline flights for two travel cities on a specified date, choose a flight based on the details, reservation of flight and cancellation of reservation. It maximizes the revenue of Airline Company by various means and increase awareness among different travelers by giving special offers and discounts. It maximizes the utilization of the system. It gives security to the customers. In short, it reduces the redundancy and provides better interface to the customers so that it becomes easy for them to reserve the flight seats without making any tough efforts.

## E-Blood Donor

E-Blood Donor is an online blood donor search engine. Needy persons can search blood donors through a SMS or Web Application. The users of this application are required to specify the Blood group required and the city where blood is required.

## Mbuzz

mBuzz is an online message application mainly developed to create a filtered database of mobile numbers for advertising purpose. Users get paid for every message that they receive on their mobile phone and they can further refer their friends to register mBuzz for which they also get paid.

## 2 Way SMS Applications

A User get web based response to his/her request for information on any topic of his /her choice through SMS using predefined keyword identified in the application.

## Real-time SMS Polling System

SMS Polling System is a system where users can vote through SMS and the votes are processed immediately.

## Real-time SMS News Ticker

SMS News Ticker is an application developed for cable operators, in which they can run a news ticker on their TV channel and can dynamically add/delete news or events while on the go. This application can also be customized for cable TV Advertisement purpose.

## Online Shopping

The objectives of the site are to use the Internet as a channel of business, provide superior customer service by providing centralized store on the web, accessed anytime from anywhere.

This is an e-commerce site where customers can register themselves, search products, place order and make the payment. The site personalizes the shopping experience for the surfer, by recognizing him/ her on each visit. The user's profile and choices are stored to provide such services. The users can also track their order, cancel their order, change their profiles and set various alerts and reminders. Also there is a provision for reward for continued business from the customers.

Online Shopping provides a solution to the problems generally faced a in large city stores.

## Online Software Bidding System

This project is aimed at developing an online software bidding portal. It provides a platform for developers to work online on projects and they can earn money from home. Developers can bid online on any project posted for development and the project poster can assign project work to appropriate bidder. It also takes care of payment system conducted between the bidder and project poster.

The system has a user interface by which one can construct estimate and bid. It's a software enterprise class solution that is designed to help the user to be more profitable through accurate successful bids, and efficient management of ones.

## Placement Management System (PMS)

PMS is web-based management system. This Project provides complete information of the students of all streams studying in International School of Informatics and Management. The system has a user interface by which the students as well as the placement cell can retrieve the required information and update. It provides a data entry module for student information. The administrator is allowed to check all the information of the students, to generate various reports as per to requirement, and update the records. The system contains all academic as well as some other information about the student. It contains student information with academic performance along with the industrial experiences or project undertaken. The retrieved information by the faculty and administrator is displayed according to the filtration criteria for example: list of students based on place as well as percentage.

## OUR SOFTWARE DEVELOPMENT EXPERIENCE

### Hotel Management System

The Hotel management system has been designed to reduce the repetitive manual work. The project has an user interface by which are can retrieve the required information and also update data about room availability & booking. The hotel has 100 rooms. There are 5 floors with 20 rooms on each floor. In future more rooms and floors could be added if required. There are different categories of rooms like single bedroom, double bedroom, and triple bedroom depending on their room type (Ordinary, Semi Deluxe, and Deluxe). If a room needs some repairing or then the hotel manager can change the status of the room i.e., "Room under Repair" or interior of the rooms are being upgraded according to the latest patterns and demands. The Reception clerk generates the bill at the time of a customer's departure and updates the booking register.

### Students Database System for a Distance Learning Study Center

This Project provides complete information of the students who are enrolled in a study center for IGNOU programmes. It provides the data entry module for students' information. The administrator is allowed to check all the information of the students. He/She is allowed to generate reports according to the different courses available and add new programs and courses to this system.

### Online Bus Reservation System

The software program Bus Reservation System provides bus transportation system, a facility for advance booking as well as current booking. A data report is also generated for both individually, i.e. record is maintained in a database separately for both types of reservations which can be accessed according to the requirement. There is also a facility for cancellation of tickets and all the entries are recorded the database. There are many kinds of enquiries associated with this system like seat status, routes enquiry, distance between the cities in Kilometers, time, fare, etc. which are fulfilled through this project effectively and efficiently.

### Used Products Store

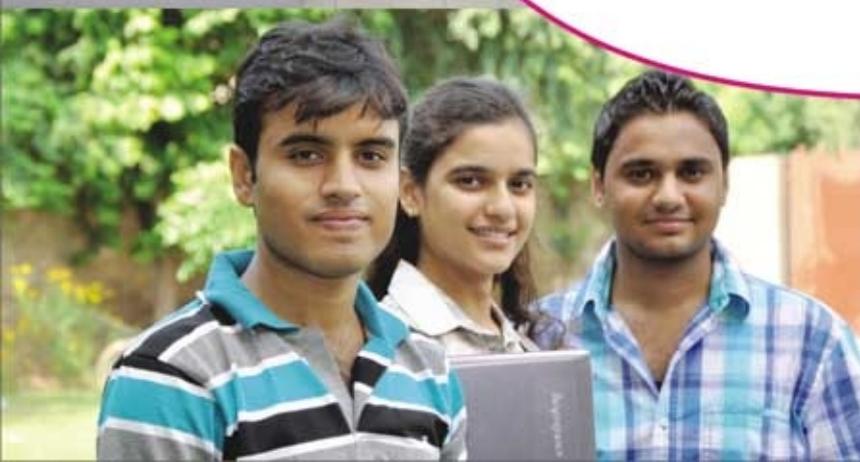

Used product store is an one stop solution for people who want to buy and sell their used (second hand) electronic gadgets like mobile phones, I-pods, digital cameras etc. The main objective of the site is to use the Internet as a channel of business, provide satisfactory customer service by providing centralized store on the web, accessed anytime from anywhere. This is an e-commerce site where customers can register themselves, can post & search products, can see the status of their account, place order and make the payment. The user a solution to buy and sell used gadgets conveniently.

### Tennis Academy Management System (TAMS)

The purpose of TAMS is to automate the functioning of tennis academy. The software performs the tasks of, automating salary payment to coaches and supporting staff, keeping track of performance of trainees and providing training schedule to trainees and coaches online.

### Free SMS Service Provider

This web application offers SMS communication totally free of cost to mobile users. Mobile users can register at absolutely no cost and start sending out text messages to their near and dear ones across the country. Receivers of the messages need not be registered users.

# FACULTY PROFILE

- **Dr. Ashok Gupta**  
Ph.D.  
Director
- **Prof. Manju Nair**  
MPMIR, Ph.D.  
Principal
- **Prof. Kavaldeep Dixit**  
MBA, Ph.D.  
Vice Principal
- **Dr. Swati V. Chande**  
M.S., M.Sc., Ph.D.  
Principal Computer Science
- **Dr. Suveen Agarwal**  
M.Sc. (Maths), Ph.D.  
Asstt. Professor
- **Mr. Vijay Gupta**  
M.Tech., MCA, M.Sc., MBA  
(pursuing Ph.D.)  
Senior Lecturer
- **Ms. Preeti Tiwari**  
MCA  
Senior Lecturer
- **Ms. Neha Tiwari**  
MCA, M.Sc., M.Phil.  
Lecturer
- **Ms. Shveta Parnami**  
MCA  
Lecturer
- **Ms. Anubha Jain**  
'B' Level, M.Sc. (C.S.)  
Lecturer
- **Ms. Ruchi (Pahuja) Nanda**  
'O', 'A' & 'B' Level  
Lecturer
- **Mr. Ayush Sogani**  
MCA, (pursuing Ph.D.)  
Lecturer
- **Ms. Monika Rathore**  
MCA  
Lecturer
- **Ms. Meenakshi Sharma**  
MCA  
Lecturer
- **Ms. Deepshikha Bhatia**  
BCA  
Lecturer
- **Ms. Priyanka Gianchandani**  
B.Sc,  
Lecturer
- **Dr. Deepa Pareek**  
M.A. (Eco.), M. Phil., Ph.D.  
Asstt. Professor
- **Dr. Roopa Mathur**  
M.A. (Psychology), Ph.D.  
Asstt. Professor
- **Dr. Nisha Yadav**  
Ph.D.  
Asstt. Professor
- **Ms. Tripti Bisawa**  
MBA, (pursuing Ph.D.)  
Asstt. Professor
- **Gp. Capt. Manoj Kumar**  
B.E., AMIETE  
Asstt. Professor  
(Placement Officer)
- **Dr. Sumedha Shandilya**  
MBA, Ph.D.  
Senior Lecturer
- **Ms. Bhumiya Chauhan**  
MBA, (pursuing Ph.D.)  
Senior Lecturer
- **Ms. Geeti Sharma**  
MBA, (pursuing Ph.D.)  
Lecturer
- **Ms. Kavya Saini**  
MBA, (pursuing Ph.D.)  
Lecturer
- **Ms. Ankita Gangwal**  
MBA, (pursuing Ph.D.)  
Lecturer
- **Ms. Poonam Madan**  
MBA, (pursuing Ph.D.)  
Lecturer
- **Ms. Aditi Jain**  
MBA  
Lecturer
- **Ms. Monika Singh**  
MBA  
Lecturer
- **Mr. Davis Lazarus**  
MBA, M.Sc.  
Asst. Professor
- **Ms. Chhavi Jain**  
MBA  
Lecturer
- **Mr. Anupam Krishna**  
MBA, B.Tech., (pursuing Ph.D.)  
Sr. Asst. Professor
- **Ms. Mahima Maheshwari**  
MIB  
Lecturer
- **Ms. Neha Jain**  
MBA  
Sr. Asst. Professor
- **Ms. Deepali Bhatnagar**  
MBA  
Lecturer
- **Ms. Sonu Trivedi**  
MBA  
Placement Officer
- **Ms. Neha Dixit**  
MBA  
Lecturer
- **Ms. Poornima Mathur**  
MBA  
Sr. Lecturer

# COMPUTING FACILITIES

The Computer Labs are accessible round the clock and are equipped with state-of-the art hardware and software. The IBM Powered computing facilities have 2 Mbps Broadband Line from BSNL and the network is configured with UTP CAT 5e structured cabling with switches that provide bandwidth of 100 Mbps to each workstation. The institute also has a Hardware Lab equipped with the latest components. The Microsoft Academic Alliance facilitates continuous updation of Microsoft Software on new releases. The institute has an AIX Academy Lab with IBM p5 505 on POWER 5 processor, AIX OS, IBM DB2 UDB Workgroup Server Edition, SUSE Linux, and the Hummingbird PC Exceed Server. IIM has been recognized as a Center of Excellence under the IBM Academic Initiative. This enables training and certification on open standards & IBM Software.

## Hardware Platform

The following hardware is available in the institute:

### Servers

IBM Xeon 226 Series -1  
IBM P5 Series -1  
Intel C2D Series-3

### Terminals

Intel C2D Series - 219  
P IV Series - 28

### Software Platform

It has been IIM's endeavor to keep pace with the emerging technology in the IT industry. It is ensured that the latest version of software are used in imparting software skills to the students. A list of important software used in the lab are given below:

### Operating System

Windows 2003 Server  
Windows 95, 98, XP,  
Windows - 7  
Windows 2000 Professional  
Red Hat Linux  
UNIX  
IBM AIX  
Language Compilers

### COBOL

Turbo C++  
Visual Studio Enterprise 6.0  
Power Builder 5.0, 6.0  
JDK 1.2

### Relational Database Management Systems

Oracle 9i  
Developer 2000  
IBM DB2

### Web Server

IIS Server (Microsoft)  
Rational Application Developer (RAD)

### Multimedia and Designing Software

Auto CAD 13.0  
Author ware Pro  
Corel Draw 12  
Adobe Photoshop 7.0  
Adobe Pagemaker 7.0  
3D Studio  
Firework  
Flash  
Macromedia Web-Development Suite  
Dreamweaver

### Office Automation

Microsoft Office 2000 Professional  
Microsoft Office 2003  
Microsoft Office XP

### Others

Micrografx Flowcharter  
Mastering MFC development  
SQL Server  
Windows Exchange Server  
Humming Bird  
Tivoli  
IBM Lotus

# Student Details

Student details are organized in the following sequence:

## NAME

- Date of Birth
- Qualification
- Additional Qualifications
- Projects undertaken

- Work Experience
- E-Mail
- Contact No.

### ABHISHEK GARG

- May 17, 1988
- BCA
- IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge, IBM Certified Rational Functional Tester for Java, IBM Certified DB2 Associate
- Retail Store Information Management, Website for Management of IT companies project information and recruitment information
- abhishekgarg1988@gmail.com
- 1574-286561, 9468592425

### AHMED ZIYA

- July 23, 1988
- BCA
- IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge
- Instant Messenger, Students' Information Management System
- ahmedziya21@gmail.com
- 294-2431241, 9462293117

### AKSHAT AZAD

- January 13, 1987
- BCA
- IBM Certified DB2 Associate, IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge, Diploma in Computer Hardware, Diploma in Computer Applications
- Utilization of Government Policies for benefit of BPL Families, Website on Onling Games "Hunter.com"
- azad.akshat@gmail.com
- 141-2706122, 9024366286

### AKSHAY PAREEK

- November 18, 1989
- BCA
- IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge, Certificate Course on Tally 7.2
- Website on "Utilization of Govt. Policies for Benefit of BPL families, Website on sale & purchase of used Electronic Gadgets
- akshay.idea@gmail.com
- 141-2328430, 9887151217

### AMIT HARJANI

- March 24, 1988
- BCA
- Certificate in Spanish Language, Business English Certification from University of Cambridge, IBM Certified DB2 Associate, IBM Certified Deployment Professionals (TDS), IBM Certified Rational Functional Tester for Java
- Website on Online Advertisement Management System
- amit.harjani@rediffmail.com
- 9784262964

### AMIT KUMAR KUMAWAT

- November 2, 1986
- BCA
- IBM Certified Rational Functional Tester for Java, IBM Certified Deployment Professionals (TDS), IBM Certified DB2 Associate
- Project on Online Car Bazaar
- Technical Support Executive at Tele performance in 2009-2010 year (part time)
- kmwt.amit@gmail.com
- 7877586549, 9351390521

# Student Details

Student details are organized in the following sequence:

## NAME

- Date of Birth
- Qualification
- Additional Qualifications
- Projects undertaken
- Work Experience
- E-Mail
- Contact No.

### ANKIT OJHA

- January 10, 1987
- BCA
- IBM Certified Rational Functional Tester for Java
- Software for Tannis Academy Management, Website on Video Blogging, Software for Ice-Cream Parlour Management
- ank.ojh@gmail.com
- 291-2541101, 8955625892

### ANKUR SIHAG

- August 21, 1988
- BCA
- MBA (IT), IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge, IBM Certified Rational Functional Tester for Java, IBM Certified DB2 Associate, Rastrapati Puraskar in Bharat Scouts in July 2005.
- Developed Website on the Online Computer Sales
- Worked as a Team leader in Grace Internationals (an intracall center) for six months, Manager in IPL for Rajasthan Royals for one month
- ankursiagh@gmail.com
- 141-2352002, 9001957337

### ANUP GARG

- August 17, 1988
- BCA
- DOEACC 'O' Level, Certificate course in Tally 9.2, IBM Certified DB2 Associate, IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge
- Software on Placement Management System, Software for Hotel Management System, Software for management of Database for IGNOU Students Records for IGNOU study center
- anupg1123@gmail.com
- 1463-252339, 9680065969

### APOORVA KAUSHIK

- April 30, 1988
- BCA
- IBM Certified DB2 Associate, IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge, IBM Certified Rational Functional Tester for Java
- Developed project for Airways Management System, Developed website for Maharani College, Jaipur in year 2009
- appygal6@gmail.com
- 141-4043897, 9950106521

### ARPIT KUMAR JAIN

- July 5, 1986
- BCA
- IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge, IBM Certified Rational Functional Tester for Java
- Developed website for Online Computer Games, developed software for Design of T-shirts
- arpjain11@gmail.com
- 9784656656

### ASHISH DADHICH

- July 25, 1989
- BCA
- IBM Certified DB2 Associate, IBM Certified Deployment Professional (TDS), Business English Certification from University of Cambridge
- Developed a project on Prison Management System in TGMC 2010 project selected on level 2 in IBM TGMC 2010, software for Management Information system for ISIM, Jaipur, developed a website for Online Camera Store I-cam
- ashishdadhich89@yahoo.com
- 141-2545266, 7597921214

- Developed software for T-Shirt Designing
- vishnu29rules@gmail.com
- 9461564127

## PLACEMENT PROCESS

IIIM always adheres to an employer-centered procedure for campus placement. It respects needs and expectations of the industry during the campus placement. Consistent efforts are made round the year to groom students accordingly.

Campus recruitment offers the organizations a wide choice of candidates and provides a platform for industry-institute interaction. Companies are normally expected to proceed as per the following procedure:

Please fill in the Placement Response Form, ensuring that it is complete in all respects and return it to The Placement Coordinator, International School of Informatics & Management.

We would like you to come over to our campus for pre-placement talks. This provides an opportunity for both organizations to know each other.

As mentioned in the Response Form, kindly mention about your requirements for audio-visual equipments to be used in your presentation. We would also like you to leave a copy of the presentation with our placement office for our future reference.

If you desire, we can send you the resumes of interested students for short-listing. The names of short listed students should reach the placement office prior to your scheduled visit to the campus for recruitment.

Once we have received the Placement Response Form from the company, we will arrange for pre placement talks and final selection and inform you about the same. Please send us the Response Form as early as possible.
