

Greetings!

India International School is pushing thirty one this year. It gives me immense pleasure to invite the petals (grade 9, 10 & 12) to the India International Model United Nations 2021 scheduled on 10-11 May 2021.

At IISMUN 2021, we have organized six committees which include the UNGA, UNSC, ECOFIN, WHO, AIPPM and IP. The International Press with its own team of experts will cover from the sensitive to the sensational news bringing live the very essence of IISMUN. The students and staff have worked consistently to provide an invigorating experience to all participants.

Ever since its commencement in 2016, IISMUN has grown exponentially to the top of the pyramid, bringing many new elements to add to the MUN experience. The conference ensures an apt platform for interacting with different students providing an opportunity to revel in a concentration of diversity and culture amidst the heated debating.

We will appreciate if a delegation of students from each class could participate and engage themselves devotedly in committee discussions. The delegate fee will be Rs.100/- This year once again our alumni have shown their enthusiasm to join the Chair in adding a spark to the committee. The school also proposes to call renowned scholars in the particular field as guest speakers to enrich you with their experiences.

We strive to take this sixth venture to great heights with diverse councils. You can register by depositing the fee online. Please feel free to contact the coordinator for the event at [dranju.chandra@icfia.org](mailto:dranju.chandra@icfia.org) if you have any further queries. We look forward and welcome your participation.

Thanking you.

Ms. Mala Agnihotri

Principal

IIS, Jaipur
