

National Pollution Control Day

National pollution control day is commemorated on the 2nd of December every year in India. The day commemorates those who have lost their lives in the Bhopal gas tragedy that occurred on 2nd December 1984.

This day raises concern regarding the growing pollution. Many awareness camp and campaigns are organized on this day.

On 5th December 2022, IIERD organized a programme on the occasion of “National Pollution Control Day”. Various activities on preventive measures to control different types of pollution were conducted on campus. Each House was assigned a theme on pollution on which the prepared posters & presented Nukkad Natak & Skits. All activities were then judged by our Principal Dr. Sunil Khurana and Ms. Deepali Gupta, Faculty, IIS Sitapura on the basis of performances. “Emerald House bagged the first position and Sapphire House got the second position in Nukkad Natak.

The judges also shared their viewpoints to prevent pollution and to organize such programmes and Nukkad Natak on the roads so that common people can understand the importance of keeping our environment clean.
