

### **Placement Facilities**

Placement Cell at ISIM works with the core mission to empower students to meet Industry challenges. Backed by the strong brand name of IIM, high quality research, excellent facilities and talented students, many reputed national and multi-national companies visit our campus regularly for recruitment and selection.

At the institute placement is considered to be a strategic activity. Immaculate planning of the placement process and activities are carried out to suit the needs of the changing corporate scenario. The co-curricular activities are also aligned accordingly for grooming effective leaders and industry ready professionals. The Training & Placement cell of the institute conceives, organizes, directs and coordinates various activities so as to enhance employability of the students. These activities guide the career planning, which is a cooperative effort of the student community and the institute. Since its inception ISIM has seen a steady growth in the number and quality of students and the number and kind of companies coming for placements. The cell is sensitized to function all through the year towards generating placement and training opportunities for the students. Training activities are organized throughout the year in an effort towards preparing the prospective students for the campus selection programmes.

The Training & Placement cell serves as a nodal centre for employment and works round the year to organize Industrial visits, Industry-Institute Interfaces, Training in Personal grooming and etiquettes, Skill-set mapping, Career Counseling, Alumni meet, Soft value added companies to build a strong network. The consistent efforts of the cell have resulted in an increase in the number of students hired across various domains. The companies that visit the institute are an amalgamation of various sectors from IT solutions to retail, from manufacturing to Banking and Insurance. Moreover many companies like BYJUS, ICICI Bank, Asian Paints, S&P Global, TCS, Appcino Technologies, Auriga IT, etc. have been coming year after year for placement due to the consistent performance of the students in the companies.
