IIIM

Sector - 12, Mahaveer Marg, Mansarovar
Jaipur - 302020

Success is getting things done efficiently - getting the results you want and being at peace with yourself and others at the same time. Using your time well and getting things done with a clear plan is crucial for a sense of well being as well as being successful in your life and work. Enthusiasm for your work and discipline to do it is inseparable for great success in your life.

An Invitation

In the one and a half decades of our presence we have breached the myth that Management colleges survive on the misnomer 'Money ' We have had the pleasure to prove the Romans right that a healthy mind lives in a healthy body 'Mans Sana Corpura Sana'(As the Romans say).

IIM has always lived with a subtle sense of precision and virtual surgical optimism in its DNA as a result of which its very essence has always managed to keep its fragrance fresh and tangy.

Be it our students at top companies or at start ups this year I am sure would belong to the young entrepreneur who is going all out to bust the all time ethos that youngsters are dependent only on a few jobs. They are proving every mis endeavor by the giants and the retail markets to pull them down and are out to become the facilitators for their juniors who would be a vital factor in driving these young businesses to greatness.

Placements will have a new strategy this year and they are more likely to cash on the start ups. While the Chinese markets chisel on their factors for the reasons of a mid life Crisis, India stands young and vibrant and has started flexing the economic muscle.

With its youngest Populace, it is pulling to break loose with the Lion treading its start line. There are no reasons to feel that we will not grow at more than 7% in 2016-17, We may surpass the mark but with the precondition that our students work rigourously hard to achieve the targets their country and their companies have set for them.

No short cuts, The Octane is very inflammable, the trick is to give it the spark with the right perspectives and directions, one wrong move and we will burn our hands.

Steady and Slow is the name of the game "INDIA"

Wishing you all the very best

Dr. Ashok Gupta
Director

About MBA

International School of Informatics & Management Technical Campus popularly known as IIIM awards the Master's Degree in Management approved by AICTE and affiliated to RTU with a difference by striking a good balance between academic work and the rest of life. The entire learning process is focused on inculcating a habit of independent thinking and communicating ideas without hesitation so as to groom future managers and entrepreneurs with a global mindset and a strong foundation of core human values.

The MBA programme is designed to:

- establish the match between management theory and practice.
- develop the capacity for analysis and judgment.
- inculcate the zeal for individual excellence yet reinforce the importance of team work.
- enhance the ability to utilize the full potential of human and material resources.
- foster the spirit of inquiry to keep updated of the changing national and international scenario.

The programme provides the students a well balanced insight into quantitative techniques as Operations Research, Statistics, Business Economics, etc. along with Management Theories & Methodologies covering Operations, Strategy, Systems, Marketing, Finance and HRD with the aim of effectively integrating all.

Programme Structure

The programme offers dual specialization in Marketing, Finance, Human Resource Management, and Information Technology Management.

The total number of courses covered in MBA shall be 39 which are synergistic and integrative in nature.

The first year i.e. Semesters I and II include 20 core papers i.e. 8 theory papers and 2 practical papers per Semester encompassing various managerial functions over and above the case studies which shall be an integral part of the curriculum. All papers included in the first two Semesters are compulsory.

The second year i.e. Semesters III and IV include:

- a) Internship and summer training with reputed organizations at the end of second Semester. The internship will, normally, be spread over 6 to 8 weeks. This exposure is a mandatory requirement for the completion of the Programme.
- b) 4 core theory papers and five core practical papers including summer internship and project study spread over the third and fourth, Semesters are compulsory.
- c) RTU offers 4 fields of specialization out of which a candidate has to opt for any two specializations for the purpose of dual specialization in the MBA Programme.

In the III semester a student has to opt Six Subjects (Three from each group). The student will get specialized in two Majors.

In IV Semester a student has to opt Four subject (two from each group). Thus the students study 10 elective papers in all in third semester and fourth semester.

Curriculum

Fundamentals of Management
Organizational Behavior
Business Mathematics and Statistics

Retail Management & Franchising
Sales, Distribution & Logistics Management
Product & Brand Management
Business to Business Marketing
Product and Brand Management
Strategic Marketing

Managing Corporate Relations
Consumer Behaviour & Market Research
Marketing of Services
International Marketing Management
Rural and Industrial Marketing
Direct marketing
Internet Marketing
Customer Relationship Management
Marketing of Innovation

Group C [HUMAN RESOURCE MANAGEMENT]

Training & Organizational Development
Strategic Human Resource Management
Leadership Skills & Change Management
Human Resource Planning
Compensation Management
Recruitment and Selection
Personality Development and business Etiquette
Human Resource Development
Employment Laws
Performance Management & Retention Strategies
Stress Management
International Human Resource Management
Management of Co-operation and Conflict
Transactional Analysis
Development of Management

Group D [PRODUCTION AND OPERATION MANAGEMENT]

Materials Management
Total Quality Management
Production Planning & Control
Management of Business Process Outsourcing (BPO)
Organization
Logistics & Supply Chain Management
Technology Management
Manufacturing Policy and Implementation
Knowledge Management
Operations Management in Services

Group E [INFORMATION TECHNOLOGY MANAGEMENT]

Business Process Re-engineering
System Analysis and Design
Strategic Management of Information Technology
Data Base Management
Client Server Application Management
Data Warehousing and Data Mining
Management Support System
E-Business
Security and Cyber Law
Enterprise Resource Planning
Multi-Media Management

Pedagogy

IIIM boasts of a Wi-fi campus with e-class rooms which are equipped with state-of-the-art facilities to facilitate a complete professional grooming of the students. The institution facilitates the effective conduct of the teaching-learning processes by means of strategically designed and efficiently implemented teaching pedagogy. Adding momentum to its efforts to impart quality education, the institute has established an FM Community Radio Station in its campus and has an up link with Edusat, India's exclusive Satellite for education.

As part of innovations in pedagogical techniques, there is a greater emphasis on experiential approaches over predominantly teacher-centric methodologies. Experiential learning at the institutional level is ensured through industrial visits, field trips, case-study discussions, projects, interaction with eminent personalities from industry and through the extension and outreach programmes in neighborhood communities.

The emphasis is on involving the students in gaining knowledge and helping them relate concepts and theories to business requirements. The pedagogic approach is such that the students are stimulated and enriched by involvement in managing a plethora of academic and other activities. Campus training and corporate exposure sets the momentum for a bright career.

Placement Process

Final Placements are the end towards which the two year programme is directed. At ISIMTC, placement is considered a very strategic activity. The Institute's Training & Placement Cell comprising faculty and student representatives organises activities and events all round the year to attract corporate houses of repute to the campus. The Placement Committee of the Institute has eminent representatives from industry and academia.

ISIMTC always adheres to an employer-centered procedure for campus placement. It respects the needs and expectations of the industry in its attempt to secure good placement for the students. Consistent efforts are made round the year to groom students accordingly.

Campus recruitment at ISIMTC offers the organizations a wide choice of candidates and provides a platform for industry-institute interaction. The placement process of the Institute is fairly simple. The companies willing to recruit ISIMTC management graduates are required to fill in the Placement Response Form attached herewith, ensuring that it is complete in all respects, indicating the time of interview and other relevant details. Companies desirous of conducting on campus recruitment are requested to organise pre-placement talk followed by a suitable selection process. The Placement Cell of the institute can facilitate the selection process by sending across detailed curriculum-vitae of short-listed candidates on receiving such a demand.

Many organisations express a desire to interview short-listed candidates at their own location. In such a situation, the identified candidates are granted leave to appear for interaction at the location specified by the concerned organisation.

In order to facilitate the smooth conduct of the placement process, we request the interested organisations to kindly send us the duly filled placement response form at the earliest. All correspondence regarding the placement may kindly be addressed to:

Vision:

To be globally responsive and socially conscious, committed to innovation and creativity by developing and disseminating knowledge and practice for learning and resource use optimization. And to emerge as an organization with an optimal blend of value based growth and future preparedness, leading to prosperity of the society and nation at large.

Mission:

“We stand committed with a spirit of enterprise, will to succeed, zeal to grow and objective-achievement orientation through value based education for community at large by creating an environment of intellectual stimulus, scientific orientation and social responsibility”.

Goals:

- To develop a comprehensive worldview in the students with respect for all forms of life and foster an environment where people work together and are motivated to succeed.
- To inculcate the zeal for individual excellence and yet reinforce the importance of team work.
- To support a proper harnessing of latent talents and to encourage the students to take initiatives.
- To provide an environment, in which the students and the faculty are driven by the spirit of enquiry in their quest for knowledge.
- To Enhance logical, creative and analytical skills.
