

Diwali Celebration

The Diwali celebration at IIS is a much awaited event by the senior students. It is the last chance for class 12 students to be a part of a school function. The function began with staging of various important scenes from the Ramayana with the students dressed up as characters from the epic. Then was the song and dance performance which was thoroughly enjoyed by the performers and the audience alike. The performance reached a peak, its tempo making all sway with the popular music. The finale was the bursting of party bombers by the students. The day was thoroughly enjoyed by all.
