

MOTHERS' DAY 2025

MOTHERS' DAY - 2025

A Day of Love and Togetherness

The IBDP students orchestrated an unforgettable celebration in honour of Mothers' Day on 9th May, 2025 of IIS World School — a vibrant showcase of affection, gratitude, and unbreakable bonds. The school auditorium came alive as it welcomed not just the heartbeat of every home — our beloved mothers — but also a symphony of emotions that wave through every corner of the room.

From soul-stirring musical performances to graceful dances and heartfelt songs, every moment was a reflection of the deep love and respect our students hold for their mothers. A special highlight was the 'Know Your Mother/Daughter game — a delightful journey of discovery, laughter, and surprise that left everyone misty-eyed and smiling wide.

There were goosebumps, there were tears, and there was laughter — all wrapped in the warm embrace of togetherness. It wasn't just an event; it was a celebration of the most cherished relationship of all — a mother's unconditional love. The smiles shared, the memories made, and the emotions expressed will forever remain etched in the hearts of everyone present.
