

# LABOUR DAY-2025

# LABOUR DAY-2025

1st May is marked as Labour Day. It is important for our children to learn the dignity of labour and the important role played by our helpers in the society. To help children learn this, different activities were planned. In classes 1 and 2, children dressed up as any helper. In the class they spoke a few lines on the helper. This was a classroom activity. Classes 3 to 5 undertook a brief discussion in the class w.r.t dignity of labour and significance of labour day. Students made Thank You cards for the helpers. In classes 6 to 8, English language teachers guided their students to write a thank you letter to any helper. Students learnt to appreciate, acknowledge the important values the helpers in our society.
