

KNOW YOUR CONSTITUTION

On the account of Ambedkar Jayanti, the students of INDIA INTERNATIONAL SCHOOL organised a CAS activity. The activity was organised online by 8th graders. The topic of the CAS activity was “Know your Constitution”. The students of grade 8th were asked to research about Dr. B. R. Ambedkar and his contribution as the father of the Indian Constitution, and to explain the same to their juniors of grade 6th and 7th.

The juniors were shown a video on the framing of the constitution and the key role played by BABA SAHEB. Questions asked by the juniors were answered during the explanation of the video.

The students did thorough research for the activity and this was evident when they presented a very informative PowerPoint presentation in order to give deep explanation to their juniors. The audience was impressed by the works of Dr B.R. Ambedkar and exhibited excitement and great interest to learn more about the topic. The whole session turned out to be a great success as it acquainted the students with the history of politics in our country.

After this all the students shared their leanings on the topic amongst themselves. The hour long session concluded with some additional inputs by the teacher.

EXAMPLES OF MISUSE OF POWER

Suresh is the class monitor. He is a bully. His classmates are not too fond of him. Mrs Rao, the class teacher, has to leave the classroom on some urgent work. She asks Suresh to mind the class. Suresh starts picking on Anil.

When Mrs Rao returns to the class ...

Anil, today I am going to report you to Mrs Rao.

But what have I done?

Ma'am, while you were away, Anil kept talking loudly and disturbing the class. He would not listen to me.

Anil, you will have to stay back after school today and write 'I will not disobey the class monitor' a 100 times.

But ... Ma'am ... I did not do anything!

WHY DOES A COUNTRY NEED A CONSTITUTION?

Today most countries in the world have a Constitution. While all democratic countries are likely to have a Constitution, it is not necessary that all countries that have a Constitution are democratic. The Constitution serves several purposes. First, it lays out certain ideals that form the basis of the kind of country that we as citizens aspire to live in. Or, put another way, a Constitution tells us what the fundamental nature of our society is. A country is usually made up of different communities of people who share certain beliefs but may not necessarily agree on all issues.
