

## COUNSELOR'S CORNER

Counseling at IIS is aimed at facilitating development and enhancement of skills and competencies and at the same time addressing specific and general needs of counseling of K-12 students.

Tab-

### **Academic counseling**

This is focused on the academic and learning skills of the students. Any learning issues faced by the student are dealt with by the counselor in consultation with the teachers and the parents.

### **Career counseling**

The school introduces the senior students to the wide array of career options and the avenues open to them. This is done through a number of orientation sessions conducted by experts and experienced personalities in various fields. Both Indian and Foreign universities also hold a session at IIS.

The school counselor is also actively involved in the university application process of the students.

### **University counseling**

In today's times it is very important to plan ahead for your further studies. The process is a complex one. At IIS students

are guided for the same from the beginning- when they choose their subjects to choosing the best universities to the process of applying to them. The school counselor plays an important role in the whole process by guiding the students and making the process a smooth one.

### **Hostel counseling**

Though the hostel at IIS is a home away from home for the students, help is always available to the student should the need arise. The hostel has wonderful caring wardens who provide love and care to the students and a counselor takes weekly sessions with the students.
