

# NATIONAL MATHEMATICS DAY CELEBRATIONS AT IIS MANSAROVAR, JAIPUR

National Mathematics Day was celebrated with great enthusiasm and active participation in our school on 22 December -2025 to commemorate the birth anniversary of the legendary mathematician Srinivasa Ramanujan. The celebration aimed to create students' interest in mathematics and highlight its importance in everyday life.

The programme began with a speech on the significance of Mathematics Day, followed by a Mathematics Pledge, which was taken collectively by the entire school, encouraging students to develop logical thinking and a positive attitude towards mathematics.

A variety of engaging activities were conducted for different classes. Classes I and II participated in Math Tambola, which helped students build their understanding of numbers in a fun-filled manner. Classes III and IV enjoyed an exciting Bingo activity, enhancing their number sense and concentration. For Classes V and VI, it was Matchstick Puzzles and Brain Teasers, allowing students to sharpen their reasoning and problem-solving skills.

Students of Classes VI and VII witnessed a short skit presented by Class VIII & IX students, which depicted a meaningful incident from the life of Srinivasa Ramanujan. The skit effectively highlighted his passion, dedication, and extraordinary contribution to mathematics, leaving a strong impression on the audience. The students understood how curiosity and clarity of mathematical concepts builds confidence and removes the fear of mathematics.

An Inter-House IIS Ganit Challenge was conducted for Classes IX and XI, where students demonstrated their analytical abilities. This event was a perfect blend of teamwork and House Spirit.

The celebration successfully conveyed that mathematics is not just a subject but a powerful tool for understanding the world. The event concluded with appreciation for students and teachers whose efforts made the programme a grand success.
