

HSians bagged the 1st Prize In
the Science Hackathon at the Inter –
School Science Congress held at St.
Xaviers School C-Scheme

II Sians bagged the 1st Prize In the Science Hackathon at the Inter – School Science Congress held at St. Xaviers School C-Scheme

The Inter-School Science Congress was held at Saint Xavier's, C-Scheme, on 24th and 25th July 2025. Six students from Class XII represented our school in this prestigious event. One of the highlights was the Science Hackathon held on 24th July. Participating teams were challenged to design and build a working model on the spot using scientific principles and creativity. Our school team was assigned the task of creating a hydraulic lift and impressed the judges with their innovation and execution. We are proud to announce that our team secured the First Prize in the Science Hackathon competition.

Congratulations to the winners !!
