

AN INTERACTIVE SESSION – CLASS X -2025

An interactive session was held on Saturday, 15th November 2025 for parents and students of grade X. The aim of the session was to highlight the importance of the last 3 months of class X, 2025-26 and the transition to class XI, 2026-27. The key takeaways of the same :Students should now have a meaningful plan for their board examination.

The school will continue to help the students do well with extra classes, extra assignments, extra notes wherever required. Students must ask for help, if required. An action plan for those students who do not do well in the Pre Boards will be created, co-operation of parents is solicited in implementing it. One counselling session for class X has already been done. The second session is scheduled tentatively for 15th December and parents will be invited to attend the same.

With respect to the transition to class XI : The school offers full support to the students in the form of career counseling and guidance w.r.t subject selection, scholarships and exemptions. A possible School Integrated Program with Narayana institute for class XI is in the pipeline. With the Centre for STEM learning at IIS - AI and Robotics Lab inaugurated this year in July, IIS plans to take it forward to the highest level giving the best exposure to the students in field of Artificial Intelligence as the future is definitely an AI driven world. Exposure to students of class XI by way of TEDx IIS Youth, IISMUN, Interact club membership, Sessions with Experts from varied fields, Industry visits, Internships, Exchange Program participation and many more, for their becoming world ready future citizens.

Senior Secondary at IIS..... A smooth academic exploration

15th November 2025
