

# POSTCARD ACTIVITY FOR MOTHER'S DAY

As part of the Mother's Day celebration, students of Grades 2 to 5 wrote lovely, heartfelt messages on handmade postcards for their mothers during school hours. These postcards were decorated with drawings and colors, then posted by the school on 7th May, 2026. The initiative brought a beautiful surprise, as mothers received these tokens of love via post on Mother's Day. The activity was a great success, spreading joy among families and helping students express gratitude creatively.
