

## Ted Ed Club Inauguration- Discover, Develop, Share

### Discussing ideas worth spreading

**I**ndia International School, Mansarovar inaugurated the TED Ed Club for students of grades VIII to XII of the International Wing of the school.

The theme of this engaging students club is to discover, develop and share. The young learners have started exploring 'Ideas worth spreading', identifying ideas and research to support ideas, public speaking, group and panel discussions as well as sessions by subject experts in various fields.

The first three sessions have evoked a lot of enthusiasm among the students and they have come up with a wide range of themes that they will fathom and elucidate upon. There will be stage presentations showcasing oratorical skills and performing arts talents of the students.

They will also prepare short films based on their experiences as part of the TED Ed Club.

This club's activities will cover the entire span of the academic session with the objective of enabling them with the dual abilities of sensitivity and freedom of expression.
