Total		80	100%

India International School, Sitapura, organised a virtual subject orientation session for the students of Class XI. The Principal, Dr. Anju Jaideep welcomed the students and the parents to the online session. The subject experts of all the three streams - Science, Humanities and Commerce introduced the subject, its marking scheme and spoke about the future prospects of these subjects. The orientation session was very informative and interactive and the queries raised by the students were answered by the subject experts.
